Great Larry.

Will you let Mathy and Lisa F. know that we've forwarded comments to R3 or do you want me to do so ?

Thanks,

Larry:

You should have just received the note below that I just forwarded to R3. Let me know if you want me to send Mathy and Lisa F. a note informing them that we've provided a few minor comments to the region on the point-by-point document.

Thanks,

Gilberto "Tito" Irizarry

Ron, Kathy and Dennis:

Larry and Dana T. are out of the office today and therefore the following does not have the benefit of their direct input. (They may weigh in as I'm sure that they are monitoring e-mail).

The drafts you shared looked pretty good to me. In the following, I've included a few suggested edits and identified a couple of minor questions on the point-by-point document. I have no comments on the desk statement.

We also received these documents from the OSWER front office. We'll let Mathy and Lisa F. know that we've communicated and passed on very few minor comments on the point by point document. If we (OEM) do hear that they have other comments/feedback, we'll let you know.

Lastly, from my perspective, the discussion last night on the plan for getting these finalized and holding on to them for only using if/when necessary, makes a lot of sense.

Thanks,

Larry, et al: see below draft response to Cabot's statements. The point by point is for internal use only to help inform in developing desk statement.

Let me, Kathy or Dennis know if you have any questions.
